Goal 4

In September, 1950, we began the first of our twelve orbital flights under the meticulous guidance of Miss Patterson, presently known as Mrs. Katz. Elevating us further to our goals were Mrs. Montague, second grade; Mrs. James, third grade; and Mrs. Pfeiffer who became Mrs. Huebner during our fourth year. Our last two years of grade school were memorable ones under Mrs. Lyon and Mrs. Dayton.

We were quickly led through our Junior High years by Mr. Linard, seventh grade, and Mrs. Begland and Mrs. Virtue, eighth grade. Then we took our giant step of entering High School.

Mr. Brown was given the task of leading us through our first year in high school. Starting our Freshman year we began to earn money for the senior trip which would come after graduation. Our Sophomore year, Mr. Gaume helped us to make the important step of choosing our class rings. Our

Junior year was very memorable for all of us. Our home-room teacher, Mr. Larrick, directed our Junior Class Play, **A Little Honey**. With the help of Mrs. Virtue we successfully gave the Junior-Senior Banquet, with the theme "Under the Magnolias." At last we reached our final orbit, the Senior Class. Knowing this was our last year, we tried to make it a good year by working hard. Mr. Padgitt was the conductor of our final orbit. Our Senior Class Play, **Nothing But the Truth**, was directed again by Mr. Larrick. We were guests of the Junior Class at the Junior-Senior Banquet. The final and most important event of our last year was the Senior Trip to New York City, being accompanied by Mr. and Mrs. Padgitt. It was the most wonderful experience of our school years.

## CLASS PROPHECY

"All aboard for **Friendship 1962**, flight #25!" As the pilot James McCreery announced over the loud-speaker, "Zero minus five minutes until blast-off," I, William Padgitt, boarded the space ship for my journey to Mars. Recognizing a familiar voice telling me to prepare for the launching, I looked up to see the reassuring face of the stewardess, Joyce Lee Kohl. As the rocket lifted off, I could see the American Grand Prix at Sebring where Bill Davis was a professional race driver.

Now that I was comfortably on my way, I thought over my last experience on Earth. Since a physical examination was required for my journey, I had gone to the Cape's clinic. When I walked in, I found Joyce Robinson as the receptionist. Looking around, I saw Marlene Miller and Diana Crites working as secretaries under the executive secretary, Paula Peoples. After entering the doctor's office, I noticed Polly Fox and Theresa Kail were employed there as registered nurses. They directed me to Robert Ervin, optometrist, and Philip Garrett, dentist, to complete my examination.

Now I was looking ahead to Mars which was drawing nearer and nearer. While waiting to get there, Joyce and I talked about her other classmates. She told me that John Ulrich was working as an accountant, and Glenn Miller was working under him as a junior accountant. She also told me that Homer Helter was a successful merchant. When the ship finally landed on Mars, I said my "good-bys" to Joyce and Jim. I had heard of the new modern school there, so I decided to go see it. On my way to Lunarville High, I passed Morton's Space Garage, owned by Robert Morrison, head mechanic. Beside his garage I noticed Shull's Barber Shop, owned by Dick Shull. A little farther down the street, I passed Carolyn Baker, a successful housewife, living in her new "rocket" house. Then I came to the school. Helen Rauzi had come to look at it for ideas to improve Gnaderhutzen High. As we entered the gymnasium, we heard the crowds cheering wildly. Bradley Kaiser's "Moontown Raiders" were battling against David Struchen's "Lunarville Lariats" for the championship. The noise being too much for me, I decided to get something to eat. I went to the world famous "Fellers' Quarter," owned by Bob Fellers, who was also head cook. I saw Linda Gooding sitting there watching a floor show, so I decided to join her. She told me that she was the new Home Economics teacher at Lunarville High School, and that Dana Laughlin was the school secretary. Then she informed me that Bob Weingarth, who was in the carpenter business, had a lot to do with the building of the new school. She added that Mary Jane Wolf, Mars' richest woman, had contributed the money. I left the restaurant and walked toward my "homeward-bound" spaceship.

## HIGH SCHOOL BAND

The Senior Band, with sixty members during the 1961-1962 school year, began its activities before the school started. Their performing engagements included the Clay Week parade at Uhrichsville in June, Fourth of July concert at Heck's Grove, music for the Indian Festival in August, the county Bandrama in September, Halloween parade in Dover and Newcomers-town and Homecoming celebration at Muskingum in October, a Veterans Day parade at Cambridge in November, the school Christmas concert in December, a mid-winter concert in February, County Band Clinic in March, and to wind up the year, a spring concert and Memorial Day parade in May.

Three times, a week before Christmas, the Junior and Senior Bands gathered for a community carol concert on the steps of the Village Hall. This was the first time such concerts have been given. A Brass Ensemble also provided carols each morning at the school two weeks before Christmas.

Several band members took part in the County Solo and Ensemble Contest in February and County Fine Arts Festival in May.

Band projects to help in purchase of additional instruments were a candy and a magazine sale.
